for software solutions**

ANANTA BIPAL SUBEDI

Co-Founder, Chief Engineer, & CEO

Ananta Bipal, is a self-made entrepreneur, a software engineer with 6+ years of experience, and a holder of Bachelors of Technology degree in Electronics and Communication Engineering from NMIT, Bengaluru, India.

His interests lie in the domain of web development and distributed systems. He has developed successful projects that are already running live in production being used by thousands of people regularly. He leads technical projects in the company and maintains a network of excellent technical contractors. He oversees the overall product development cycle and ensures successful deliveries.

 ORGANIZATIONAL CHART

VISION

Revolutionize the global tech landscape through unparalleled innovation and client-centric solutions. Be at the forefront of technological advancements, empowering businesses worldwide to achieve their digital aspirations seamlessly.

MISSION

Transcend boundaries and become the undisputed leader in delivering transformative IT solutions in Nepal. By harnessing the collective brilliance of our diverse remote team, we aspire to set new standards of excellence and redefine the possibilities of technology in driving business growth.

OUR VALUES

Remote contractors based business model

We hire remote contractors for technical talents. Technical talents are not sufficient if we only look at them in a single city. With this model, we can have a diverse range of technical talents who are highly skilled in their own crafts. We hire from all around the world!

Solutions and delivery

We provide solutions to the hardest technical problems. Whether you are creating a prototype for your next big idea or a full fledged product, we have the design, development, and research expertise to make it up and running.

Reduction in cost

We tend to solve the same problem with reduced cost. We have our own techniques with this which we would love to discuss with you.

OUR JOURNEY

2021

- 📅 April 2021
- ↳ Started as a freelance service
-
- ▣ 6 Projects
- 👥 Team of 2

The screenshot shows the Likestore NP mobile application. At the top, there's a black banner with white text that says "Grab your 10% off on your first purchase now!" Below this, the Likestore logo is centered. To the right of the logo are three buttons: "PROMOS", "WHOLESALE", and icons for search, user profile, and cart. The main content area features a grid of product cards. The first card on the left is for a "Smart Watch" with a white strap and a black face. Next to it is a card for "Glasses" showing two pairs: one with black frames and one with yellow lenses. The third card from the left is for a "Rechargeable LED Light" shaped like a moon, which is illuminated and placed on a small stand. The fourth card shows a stack of three open jewelry boxes containing various rings and bracelets. Below these cards, there are several category icons with labels: "Home Essentials" (house icon), "Smart Watch" (watch icon), "Kitchen Accessories" (fork and knife icon), "Travel Must Have" (luggage icon), "Mobile Accessories" (phone icon), "Electronic Gadgets" (gadgets icon), "Hobbies & Stationaries" (pencil icon), "Beauty & Women" (beauty products icon), "Toys & Collectibles" (robot icon), and "Car Accessories" (car key icon). Each category has a "See All" link to its full list. At the bottom of the screen, there are several horizontal banners showing different products: a "Forward Switch" device, a "ECO CARE" product, and some food items.

A screenshot of the ukaymall website. At the top left is the logo 'ukaymall' with a green house icon. To its right is a search bar with the placeholder text 'Quick search for anything'. Below the header is a large product image of an Apple Watch Series 7 with a black mesh strap and a digital crown. The watch face shows the date '06 21' and a small Nike swoosh icon. To the right of the watch, there is promotional text: 'Apple Watch Series 7 GPS, Aluminum Case, Starlight Sport' in bold black font, a red button 'OPEN UNTIL DEC 23 10:00 PM', and a red button 'POPULAR'. Below this, the price is listed as 'Price Now ₱250.00' and 'Base Price ₱250.'. Further down, there are additional price options: '₱250.00', '+₱50', and '₱550'. The background of the page shows a blurred view of the website's interior.

The image is a composite of two screenshots from a mobile device. The top half shows a social media profile for a travel agency. It features a purple circular profile picture of a woman with pink hair, a yellow heart icon with the number 1675, a yellow star icon with the number 4.7, and a line graph showing 9,000 and 20,000 interactions. The bottom half shows the website for 'NEPAL AIRTRIP'. It has a pink header with a navigation bar including 'FLIGHT', 'CAR', 'BUS', 'HOMESTAYS', 'HOTELS', 'EXPERIENCES', 'TRAVEL PACKAGES', 'CUSTOMIZE TRIP', and a 'Filter' button. A large call-to-action in the center says 'book flight ✈ or plan entire trip —' with 'Nepal' in red. Below it is a search bar with placeholder text 'Where to go? adventure, places, interests...'. At the bottom, there are four image thumbnails: a lake with boats, people rafting, a paraglider over a lake, and a temple.
